CoPAS for COST

Installation Guide

Installation steps are described below. They will walk you through the installation of CoPAS on your computer and essential configuration.

- 1. **Download** the CoPAS installer from <u>https://www.copas-platform.eu/download</u>.
- 2. Find the downloaded file and start it.
- 3. Read and agree to the license terms and conditions.

4. Enter the License key (y8a3TrhtUfzni6kY) and press Install.

5. Wait for the installation to **complete**. If it's your first CoPAS installation, you will be prompted to **restart** your computer.

6. Search copas under Windows Start button and launch CoPAS app.

7. On your left, **click** MarketPlaces.

8. Firstly, delete CoPAS Market CERIT SC MarketPlace.
